CERTIFICATES IN GENERAL EDUCATION FOR ADULTS (CGEA)

CGEA provide a range of educational opportunities for students to increase their participation in the community and the workplace.

Our students attain nationally accredited units focused on literacy and numeracy which can prepare them for post-secondary options including: apprenticeships, traineeships, TAFE and employment.

The CGEA creates educational pathways for students who complete Certificates I, II and III. This ensures that our students are competitive when applying for further education and employment opportunities.
